

COMPANY OVERVIEW

Revelation Fabrication, LLC provides precision metalwork solutions built on more than 30 years of combined experience. Specializing in CNC cutting and CNC forming, the company transforms raw materials into durable, high-quality products designed for long-term performance. With a focus on strength, reliability, and innovation, Revelation Fabrication, LLC delivers custom fabrication services that bring client visions to life across a wide range of applications.

Revelation Fabrication, LLC delivers comprehensive metalworking solutions through CNC cutting, CNC forming, welding, and custom fabrication, supported by more than 30 years of combined expertise. Advanced equipment and 3D SolidWorks design capabilities allow for precise, efficient production from prototype through full-scale manufacturing. Services span press brake bending for complex shapes, precision laser and plasma cutting for metals and alloys, and design-to-delivery fabrication tailored to specific project requirements. Skilled welders provide assembly and finishing, while capabilities also include custom interior and exterior handrails, detailed 3D modeling, and CAD drawings. By integrating technology with craftsmanship, Revelation Fabrication consistently produces accurate, durable solutions that meet the rigorous demands of both small and large-scale projects.

CORE COMPETENCIES

- CNC Cutting (Precision Laser/Plasma Cutting For Metals & Alloys)
- CNC Forming (Press Brake Bending, Custom Forming For Complex Shapes)
- Custom Metal Fabrication (Design-To-Delivery Solutions)
- Welding & Assembly Services
- Prototype Development & Small To Large-Scale Production
- Custom Handrail (Interior & Exterior)
- 3D Modeling & CAD Drawings

DIFFERENTIATORS

Revelation Fabrication, LLC sets itself apart with more than 30 years of combined experience in custom metal fabrication, supported by advanced CNC technology that ensures accuracy, repeatability, and efficiency. The team's expertise in 3D SolidWorks software allows for precise modeling and design, translating complex concepts into reliable production outcomes. With a proven ability to meet strict timelines, the company consistently delivers high-quality, durable solutions. Flexible capacity for both rapid prototyping and full-scale production runs further strengthens its ability to handle diverse project requirements with precision and efficiency.

VENDOR PROFILE

UEI:

JYVHYABD7LZ5

CAGE:

160V8

Primary NAICS:

332322 - Sheet Metal Work
Manufacturing

Secondary NAICS:

332323, 331110
